

## **AFTERWARDS**

Omnipresent sound of joyful harmonious keys.  
Painting fresh utopia, a brazen fleeting tease.  
Bathed in effervescent light, an amber tinged reality.  
Warmed by hazy infinity, ecstatic rhapsodical clarity.  
By cosmic chance and drifting toss of limitless blazing dice.  
We came into being and fell into falling, a dancing holy vice.  
Searching, shivering eyes, blinking in ephemeral infamy.  
Soaring into eternity, a pineapple saturated symphony.  
We lock our gazes, reaching far, into an eternal dreaming.  
Verve filled possibilities, new birthed galaxies gleaming.
